

LASER SLEEVE PRESS

- The Laser Sleeve Press operates without springs, dampers and shock absorbers making it exceptionally simple to operate and maintain.
- Laser beam adjustment light is more accurate and easier to see than a focusing light. The linear corrective linkage aligns the buck to the chest regardless of the sleeve size.
- Adjustable pressing times at the flick of the thumb
- Safety inspired control system
- Programmable logic controller for easy and reliable operation
- All regulators and steam traps included for easy installation
- All steam traps mounted inside the cabinet for safety
- Standard 2-year parts warranty
- The best Service Department in the industry
